

## Is your research funded by the SNSF?

**Yes**, my research is funded by SNSF (minimum 50% for co-funding)

**No**, my research is not funded by the SNSF

## Does the SNSF pay for the costs of Open Access publication?

**Book format publications** (monographs and collective works inc. PhD and habilitation theses)

### Green Road

- OA publication (self-archiving in SERVAL) in addition to the version published by the editor.
- Embargo for the Green Road: **12 months** for all disciplines (for SNSF-funded research).

**Gold Road:** OA book subsidy - **BPC (Book Processing Charges)**

- No embargo

For the maximum amounts please see: [http://www.snf.ch/SiteCollectionDocuments/OA\\_Policy\\_Reglementstext\\_FR.pdf](http://www.snf.ch/SiteCollectionDocuments/OA_Policy_Reglementstext_FR.pdf)

If publishing an Open Access book generates disproportionate costs, the SNSF can, upon request, free the author from this obligation.

**Book chapters** for SNF-funded research

**Research article** for SNF-funded research.

### Green Road

- OA publication (self-archiving in SERVAL) in addition to the version published by the editor.
- Embargo for the Green Road: **6 months** for all disciplines.

**Gold Road:** OA article subsidy - **APC (Article Processing Charges)**

- Publication in a purely OA journal — **the SNSF does not finance hybrid publishing** (you still can)
- No embargo and no APC cap.

No exception for the obligation of publishing articles under OA model. Beneficiaries shall only consider the editors who accept these obligations.

The cost of OA publishing for **research articles and book chapters** from non-SNSF-funded research are not covered by the SNSF.

You can still render your publications OA following the Green Road (self-archiving in SERVAL).
